Orange County Office of Emergency Management  
August 20<sup>th</sup> & 21<sup>st</sup> 2014**

Training is provided by Texas A&M Engineering Extension  
Service  
(TEEX)

**Medical Preparedness and Response to Bombing Incidents  
MG-T348**

This course is designed for personnel from any professional background who may become part of a community response to a bombing event. This interactive, instructor-facilitated program employs case studies and research-based information designed to enhance medical preparedness for and response to blast effects. Breakout sessions address considerations and concerns specific both to medical responders and emergency planners.

Students are encouraged to ask questions and to create a to-do list of any items they don't have the answers to, so they have a list of tasks to address when they return to their jurisdiction.

Registration is open on [preparingtexas.org](http://preparingtexas.org). The location is 11475 FM 1442, Orange, Texas at the Orange County Convention & Expo Center. Deadline to register is August 2, 2014.

Please contact Ken Luce at 409-670-4120 or [kluce@co.orange.tx.us](mailto:kluce@co.orange.tx.us) if you have any questions or concerns. 16 CE credits are available.
