

PRESIDENT
John Judice

VICE PRESIDENT
Edward Harris, Jr.

SECRETARY TREASURER
Robert W. Stegall

MAILING ADDRESS:
TEXACO CHEMICAL COMPANY
c/o Robert W. Stegall
P. O. Box 968
Port Arthur, TX 77641

The 477th Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM, Wednesday, January 4, 1989.

The invocation was given by Doug Royder.

Mr. R. C. Harris welcomed the group on behalf of Allied Chemical Company of Orange.

The minutes were read and approved.

Self-introductions were made.

Committee Reports:

John Judice gave special thanks to the Bosses' Night Banquet Committee for the work that they did in having an outstanding meeting.

Dick Nugent gave a report on the fire boat. Several suggestions were considered concerning possible alternatives for the fire boat. A video tape of the current conditions of the fire boat was shown to the group. A general group discussion followed with several ideas being considered: renew the hull, find the crew boat, find a replacement boat, build a boat, or use a barge. The group considered the question, "Do we need a boat?" The Fire Boat Committee was asked to consider all these points and report back to the group.

Special Announcements:

Dick Nugent announced that there would be a radiological drill in Beaumont shortly. The purpose of this drill will be to evaluate the area emergency medical system in its response to a radiological hazard.

Paul Landry of Chevron announced that the Safety Train would be at Chevron in Port Arthur. Those interested should call to reserve a spot during this training.

The 477th Meeting of Sabine-Neches Chiefs Association
January 4, 1989
Page 2

Robert Stegall announced that on January 18, 1989, students from the Swedish National Rescue School located in Stockholm, Sweden would be touring the Port Arthur Chemical Plant. One of their biggest interests is mutual aid and how community and industry work together. An emergency response drill for medical evacuation is being planned. Several departments will be asked to participate in order to show how the Sabine-Neches Chiefs Association works. All interested in attending should call Robert Stegall at 989-6641 to reserve a place for lunch.

Recent emergencies were discussed.

Program:

John Judice introduced several factory representatives who showed and discussed the latest items in firefighting and safety.

The meeting was adjourned at 12:00 Noon.

R. W. Stegall, Secretary-Treasurer
Sabine-Neches Chiefs Association

RWS-JRD

NOTE: The 478th Meeting of the Sabine-Neches Chiefs Association will be held on February 1, 1989, at the Ramada Inn in Orange, TX. The host organization will be Ausimont, Inc.

CONFIDENTIAL

PRESIDENT
John Judice

VICE PRESIDENT
Edward Harris, Jr.

SECRETARY TREASURER
Robert W. Stegall

MAILING ADDRESS:
TEXACO CHEMICAL COMPANY
c/o Robert W. Stegall
P. O. Box 968
Port Arthur, TX 77641

The 478th Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM, Wednesday, February 1, 1989.

The invocation was given by John Williams.

Mr. H. T. Seiler introduced the plant manager, Mr. Louis M. Esposito of Ausimont, Inc. Mr. Esposito gave a brief description of Ausimont and their plans for expansion in the Golden Triangle.

The minutes were read and approved. A letter from Scott Kerwood expressing his regret in leaving this area was read to those in attendance. Scott stated that he would miss the many friends he had made in this area. He also challenged the Sabine-Neches Chiefs Association to continue being the best mutual aid association in the world. Scott is the training officer in the Tulsa, Oklahoma Fire Department. He invited anyone traveling through that area to stop by for a visit.

Self-introductions were made.

Committee Reports:

Board of Directors Report

A draft of the new proposed by-laws changes was passed out. Discussion on the categories of members and associate members followed. The Board of Directors recommended that associate membership be increased to 12. The 12th member would be Health & Safety Management. A motion was made and seconded to accept the recommendation for the 12 members with the 12th being Health & Safety Management. Motion carried to add Health & Safety Management as the 12th associate member of the Sabine-Neches Chiefs Association. The Board of Directors recommended that associate member dues be increased from the current level of to \$200. This item will be discussed at the next monthly meeting.

Audit Committee

Bill Roe announced that he was waiting on the information from the Treasurer to do this year's audit.

FEB 24 1989

Fire Boat Committee

Richard Harley reported that the committee had not met. There followed a discussion concerning the flexibility of using package pumps. Photographs and information concerning package pumps were passed out to those in attendance. Bill Roe suggested that the board consider all suggestions from the Fire Boat Committee.

Butch Landry of Chevron reported that the Road Block Committee had completed their work and the information has been mailed out.

Robert Stegall made another request for inventory sheets to be completed and returned as soon as possible.

John Judice reported on the Reciprocal Aid Agreement that the Sabine-Neches Chiefs Association is being asked to sign with the Coastal Mutual Aid Association. A brief description of how the agreement would be handled followed. The signing of the agreement will be on March 10 at the Houston Hobby Hilton.

Special Announcements:

Louis Withrow reported on the cold weather that would be affecting the Golden Triangle area.

The Hampshire Volunteer Fire Department has applied for membership. Voting will be next month.

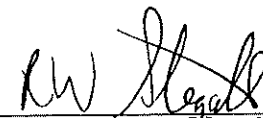

Dennis Bruce reported on Mobil Chemical's recent award by the Southeast Texas Safety Council for Safety.

Recent emergencies were discussed.

Program:

Bill Robinson with Chub National Foam gave a program on foams uses with hazardous materials incidents.

The meeting was adjourned at 12:00 Noon.

R. W. Stegall, Secretary-Treasurer
Sabine-Neches Chiefs Association

RWS-JRD

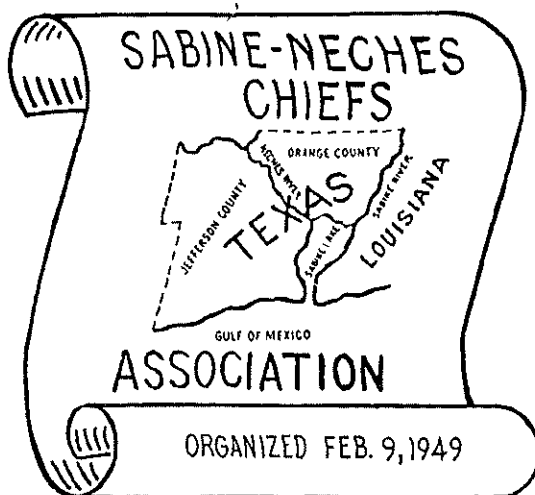

NOTE: The 479th Meeting of the Sabine-Neches Chiefs Association will be held on March 1, 1989, at Fire Training Ground, Beaumont, TX. The host organization will be City of Beaumont.

PRESIDENT
John Judice

VICE PRESIDENT
Edward Harris, Jr.

SECRETARY TREASURER
Robert W. Stegall

MAILING ADDRESS:
TEXACO CHEMICAL COMPANY
c/o Robert W. Stegall
P. O. Box 968
Port Arthur, TX 77641

The 479th Meeting of the Sabine-Neches Chiefs Association was called to order by Vice President Ed Harris at 10:00 AM, Wednesday, March 1, 1989. President John Judice was absent due to a plant incident.

The invocation was given by Dan White.

Chief Pete Shelton welcomed the group on behalf of the City of Beaumont.

The minutes were read and approved.

Self-introductions were made.

Committee Reports:

Board of Directors

Jim Harrington discussed the changes to be made in the new brochure and the updated organization chart.

Chief Shelton made a motion to accept the new by-laws (copy attached). Motion seconded by Sandy Sanford. Motion passed.

Motion was made by Grady Baldwin to increase Associate Member dues to \$200. Seconded by Richard Hagen. Motion passed.

Fire Boat Committee

Dick Nugent recommended removal of equipment at dock to be stored by Beaumont Fire Dept. and haul out boat at Fire Training Ground after the "Elissa" arrives. He also reported on the hull survey taken by Marine Surveyor. They found 60% of the hull wasted and recommended taking boat out of water for safety reasons until direction can be made on final solution. Grady Baldwin made a motion to vote on equipment removal and haul out. Pete Shelton requested to wait until the "Elissa" arrives. A vote was taken to wait until after the "Elissa" arrives. Vote passed. Further discussion was made by Pete Shelton to ensure it was safe. Capt. Whiting discussed unsafe conditions. Chief Shelton decided not to use boat based on Capt. Whiting's opinion.

Special Announcements:

Request was made to complete inventory forms by April 1st and turn in to Robert Stegall to allow brochure to be printed. Responses are requested from all members including those that are not changing inventory.

The 479th Meeting of Sabine-Neches Chiefs Association

March 1, 1989

Page 2

Dr. Ensign from Lamar University (new Head of Continuing Education) gave a brief description of goals and objectives of Lamar University with the Fire Training Ground. Asked for support and pledged to work with SNCA to give best possible programs. Also introduced Marion Foster, Director of Technical Services.

Other:

Discussed meeting on March 10 at Hobby Hilton to sign agreement with Coastal Mutual Aid. Mike Lovelady made a motion to send John Judice to this meeting to represent Sabine-Neches Chiefs Association. Bob Wood seconded. Motion passed.

There will be a work day on March 11 at 9:00 AM to work on fire boat at the Port of Beaumont. Please bring tools, especially open end wrenches. Additional information from Chief Shelton or Capt. Buck.

David White requested involvement in Industrial Fire World Expo in Houston April 18-20 at Adam's Mark in Houston.

Louis Withrow reported on a new system to receive information from the National Weather Service through a satellite system handled by Contel. Additional information is available from Louis Withrow at 722-8822.

Chief Mullins gave an update on pollution problems and project updates at Fire Training Ground.

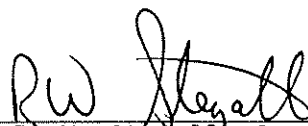

Recent emergencies were discussed.

Program:

Program was introduced by Mike Lovelady. A presentation was given by Sandy Sandoz from Sandoz Crop Protection on an incident in Switzerland that contaminated the Rhine River.

Attendees were invited to tour National Draeger mobile training gallery.

The meeting was adjourned at 12:00 Noon.

R. W. Stegall, Secretary-Treasurer
Sabine-Neches Chiefs Association

RWS-JRD

NOTE: The 480th Meeting of the Sabine-Neches Chiefs Association will be held on April 5, 1989, at the Ramada Inn, Orange, TX. The host organization will be the City of Bridge City.

ARTICLE II

SECTION 3

Associate Membership - the representative of a governmental agency, vendor, supplier and others engaged in fire and police related activities that are not qualified for active membership may become Associate Members under the following conditions:

- a. Agencies of businesses and etc. must have offices and/or operations in the Triangle Area.
- b. Acceptance into Association will not exceed 18 Active Membership.
- c. Comply with Section 7 of Article II.
- d. Failure to participate or attend meetings will be cause for removal from membership.

Associate Members shall have the privileges of an Active Member, except for voting and holding offices.

RECOMMENDED REVISION:

SECTION 3

Associate Membership - the representative of a vendor or supplier and others engaged in fire and police related activities that are not qualified for active membership may become Associate Members providing they comply with the following conditions:

- a. Company or agency must have offices and/or operations in the Triangle Area and support the total effort of the Association.
- b. Acceptance into Association will not exceed 12 members.
- c. Comply with Section 7 of Article II.
- d. Failure to participate or attend meetings will be cause for removal from membership.

SECTION 4

Community Service Membership - the representative of a governmental or community service agency that are not qualified or have provisions

Continued
Article II
Section 4

for active membership and will not be assessed fees or dues (such as American Red Cross, Salvation Army, National Weather Service, U.S. Coast Guard, Lamar University, Regional Liaison Officer, etc.) and comply with the following conditions:

- a. Agencies or organizations must have offices or operations in the Triangle Area (Jefferson or Orange Counties).
- b. Must support the total effort of the Association.
- c. Community Service Members shall have the privileges of an Active Member, except for voting and holding offices.

ARTICLE III

Section 1

The elected officers of the Association shall consist of a President, a Vice-President, a Secretary-Treasurer, and a Board of Directors, consisting of two members each representing municipal fire protection, industrial fire protection, and from public law enforcement agencies'.

At the first election of officers in December, 1967, three members of the Board of Directors will be elected for three years, and three members will be elected for two years. This will provide the Association with a rotating staff of directors rather than six new members each election. Officers shall serve two year terms starting January 1, 1968. They shall not be elected to the same office for more than two consecutive terms. (Exception: Three directors for the first election.)

RECOMMENDED REVISION:

The elected officers of the Association shall consist of a President, a Vice-President, a Secretary-Treasurer, and a seven-member Board of Directors consisting of two members from municipal fire protection, two members from industrial fire protection, two members from law enforcement agencies, and one member at-large (this one member at-large must comply with Article II Section II).

ARTICLE IV

Duties of Officers

Section 4

Duties of the Board of Directors: This shall consist of two members from municipal fire protection, two from industrial fire protection, and two from law enforcement agencies. They shall serve two years, until their successors have been elected. They shall not be elected more than two consecutive terms. Their duties shall be to serve on the Executive Board as representatives of their respective groups. They shall also perform any duty assigned them by the President.

RECOMMENDED REVISION:

Section 4

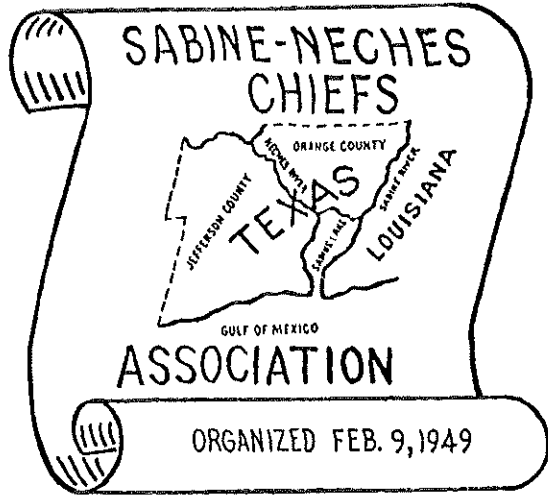

Duties of the Board of Directors: This shall consist of two members from municipal fire protection, two from industrial fire protection, two from law enforcement agencies, and one member at-large (This one member must comply with Article II Section II).

Reciprocal Aid Agreement with other Mutual Aid Organizations along the Texas Gulf Coast

The 480th Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM, April 5, 1989.

The invocation was given by Curtis Holden.

Representatives from Bridge City Fire Dept. welcomed the group.

The minutes were read and approved.

Self-introductions were made.

Committee Reports:

Audit Committee:

Chairman Bill Roe stated that he needs the reports from the secretary and the Fire Boat Account in order to conduct the audit.

Fire Boat Committee:

Dick Nugent gave an update on progress to remove equipment from the boat. The equipment is stored by the City of Beaumont. The boat will be towed to the Beaumont Fire Training Grounds. A proposal for action on a new boat will be submitted to the Board of Directors. A work day at the Fire Training Grounds is scheduled for May 20. Please plan to come out and help to prepare the field for the Industrial School. D. A. Bruce gave an update on changes to the projects.

Special Announcements:

The East Texas Fire Marshalls Convention will be held in Nederland on April 7-9, 1989. SNCA members are invited.

Haz-Waste & Haz-Mat Convention will be held in New Orleans Convention Center April 12-15, 1989. Hand outs were distributed.

MAY 1 1989

The 480th Meeting of Sabine-Neches Chiefs Association
April 5, 1989
Page 2

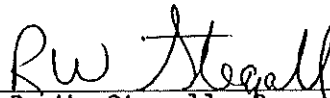

Mutual Aid Signing - Ed Harris gave a report on the signing of the Gulf Coast Mutual Aid Agreement that took place in Houston on March 10, 1989. Members need to review the agreement and to understand the particulars of the agreement, especially how to activate the system (see attached).

Recent emergencies were discussed.

Program:

Mike Lovelady introduced Joe Wiley (Elkhart Brass Co.) who presented a program on the "Fundamentals of Foam."

The meeting was adjourned at 12:00 Noon.

R. W. Stegall, Secretary-Treasurer
Sabine-Neches Chiefs Association

RWS-JRD

NOTE: The 481st Meeting of the Sabine-Neches Chiefs Association will be held on May 3, 1989, at the Ramada Inn, Hwy 73, Port Arthur, TX. The host organization will be Chevron Oil, Port Arthur.

RECIPROCAL AID AGREEMENT WITH OTHER MUTUAL AID
ORGANIZATIONS ALONG THE TEXAS GULF COAST
ADOPTED APRIL 25, 1961
REVISED MARCH 10, 1989

PURPOSE

This agreement is intended to clarify methods and procedures to employ in obtaining emergency aid by and from the Mutual Aid Organizations listed below:

Channel Industries Mutual Aid.....Houston
Texas City Industrial Mutual Aid System.....Texas City
Refinery Terminals Fire Company.....Corpus Christi
Sabine-Neches Chiefs Association.....Beaumont
Mutual Aid Mont Belvieu.....Mont Belvieu

The intent of this agreement is to provide assistance in the form of equipment, supplies, and/or manpower to another mutual aid organization who is acting under the authority of the management of their respective member who is experiencing the emergency situation.

DEFINITIONS

Subscriber - The mutual aid organization as listed above.

Member - Any entity belonging to a mutual aid organization listed above.

METHOD FOR ACTIVATION

The above subscribers agree that when an emergency occurs in an area of any individual subscriber and the local resources are inadequate to control that emergency, the authorized representative of the affected subscriber, upon authorization by the member in the emergency, may request activation of this reciprocal aid agreement.

The authorized representative of the subscriber requesting assistance shall contact the lending subscriber(s) as outlined in Appendix 1.

AGREEMENT

A request for equipment, supplies and/or manpower originating from the authorized representative of the affected subscriber at the request of the member in emergency shall be the binding agreement between the member in the emergency and the responding subscriber or subscriber's member.

The member in emergency agrees to replace material used, and to repair or replace equipment lost or damaged in the control of a fire or emergency situation within its facilities in cash at current prices, or in kind, provided the equipment and/or supplies were furnished by a subscriber or subscriber's member in response to a properly placed request. Damage to and loss of equipment refers to damage and loss as a direct result of the emergency condition rather than from the wear and tear expected in normal operation of emergency equipment.

The member in emergency is responsible for documenting equipment and supplies for the purposes of reimbursement.

Reimbursement for costs associated with manpower will be per the lending subscriber's respective provisions.

This agreement cannot be implemented by a third party for-hire contractor, nor will it continue to be in effect after the respective member experiencing the emergency contracts incident command to a for-hire contractor. Contracting for incident command, with subsequent cancellation of the provisions of this agreement, does not release the subscriber's member from reimbursement provisions committed to prior to the suspension of application of this agreement.

Appendix I

To Activate the Reciprocal Aid Agreement the following information shall be provided when requesting assistance:

1. Requesting individual name and company or subscriber name
2. Call back telephone number
3. Nature of emergency
4. Location of emergency
5. Member in emergency
6. Authorizing representative of member in emergency
7. Specific resources requested
8. Reporting point and recommended travel routes
9. Contact at reporting point
10. Means of contacting Command Post (e.g. cellular phone number, common radio frequencies, etc.)

The listed mutual aid organizations may be contacted as follows:

Channel Industries Mutual Aid - Houston

Chairman - Doug Miller	(713) 476-0303
1st V. Chairman - Ron Taylor	(713) 476-8004
2nd V. Chairman - Gene Sonka	(713) 476-8148

If unable to contact any of the above, have Aristech Security (713-476-0303) contact a CIMA Specialist to make contact with caller.

Industrial Mutual Aid System - Texas City

Texas City Dispatch Center	(409) 948-2525 (24 hours)
Radio Fire Mutual Aid 154.280 MHz or Business Calls (8-5)	(409) 945-4468

JUN 5 1989

The 481st Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM on Wednesday, May 3, 1989.

The invocation was given by Father Don.

Mr. Don Gilbert, Manager of Petrochemicals for Chevron, welcomed the group. Mr. Gilbert expressed his thanks for the past support of the Sabine-Neches Chiefs Association and pledged Chevron's continued support of our organization. Mr. Gilbert challenged Sabine-Neches Chiefs Association to be more innovative and strive to assist members to prevent emergencies as well as to continue their excellent response to emergencies. Butch Landry introduced Melvin Smith who is replacing Chief Bob Woods at Chevron. Bob has retired from Chevron.

John Judice expressed the Sabine-Neches Chiefs Association sincerest appreciation to Bob Woods for the years of fine support he has given. His leadership has helped make this organization the admired and respected organization that it is today.

The minutes were read and approved. Motion was made to pay the bill for the tug boat to move the fire boat. Motion was seconded and carried.

A letter from the Glove Company was read.

Self-introductions were made.

Committee Reports:

Fire Boat Committee

Dick Nugent reported that the boat is grounded. The board will receive 5 proposals at its next meeting to be held May 24. Board will report back the recommendations to the group.

0000 0 1000

Fire Training Ground

Chief Mullins reported that May 20 will be the work day for the annual Lamar Fire School. D. A. Bruce reported that the industrial complex will be re-built. In order to re-build the industrial complex, D. A. reminded us that we would have to help. If anyone has equipment that could be used on the new complex, please contact D. A. Bruce at P. O. Box 3868, Beaumont, TX 77704 or at 839-1231. Dennis reminded us that we have done a good job in the past furnishing equipment; however, that's what we've done in the past. He wants to know what we're going to do in the future.

Special Announcements:

Dick Nugent reported that the satellite dish was in place for the new hurricane information that they will be receiving. We will no longer be dependent upon telephone line to carry this information. We will be able to receive it direct from satellite.

Louis Withrow announced that the Hurricane Conference will be in mid-June. He promised a lively, educational meeting.

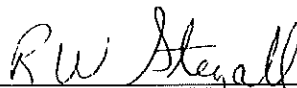

A discussion on recent emergencies followed.

On May 11, a Hazardous Materials exercise will be held in Nederland at 8:30 AM. It will be conducted by the LEPC.

Program:

Michael Lovelady introduced the program brought by St. Elizabeth Hospital's Med-Link Air Ambulance Service.

The meeting was adjourned at 12:00 Noon.

R. W. Stegall, Secretary-Treasurer
Sabine-Neches Chiefs Association

RWS-JRD

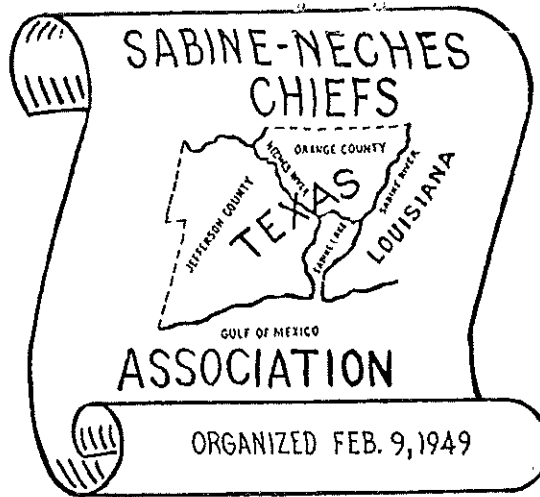

NOTE: The 482nd Meeting of the Sabine-Neches Chiefs Association will be held on June 7, 1989, at The Boondocks in Labelle. The host organization will be Labelle-Fannett Fire Dept.

JUL 5 1989

The 482nd Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice on June 7, 1989.

The invocation was given by Tommy May.

Chief Hart, from the LaBell-Fannette Fire Department welcomed the group and gave background on his department. He also recognized Tommy Sparks and Mark Morrison for their outstanding contributions to the department.

The minutes were read and approved. There were no outstanding bills for the association to consider.

President John Judice thanked all those that helped cut the work day before our annual Industrial Fire School. Special thanks to Joe Wiley for the fine meal that he provided for the work day.

President John Judice read the request for membership from Mobil Chemical O-A Plant. This was the first reading of this request.

President John Judice also acknowledged a request for membership from Merochem Company in Winnie, Texas. This request will be forwarded to Sabine-Neches Chiefs Association Board of Directors.

Self-introductions were made.

Committee Reports:

Audit Committee

Still need book from the secretary to conduct an audit. Baldwin turned in books for the fire boat.

Fire Boat Committee

Dick Nugent gave an update of this committee proposals. The proposals are as follows:

A.	A new hull - cost \$40- 80,000	Annual Cost \$20-35,000
B.	Barge mount - 20- 40,000	10-25,000

0000 3 330

0000

0000

C. Package Pumps -	0- 10,000	0- 5,000 (recommended by committee)
D. National Foam -	0- 4,000	0- 2,000
E. New boat -	175-250,000	30-50,000

A new committee was formed by President Judice to determine what type of Package Pumps would be required and make recommendations to the board. The committee is as follows:

Ed Leysath - DuPont
Ed Harris (Chairman) - Quantum
G.G. Baldwin - DuPont
Ken Doise - P.N.F.D.
Lesser Hall - B.F.D.
Captain Whiting - U.S. Coast Guard

A motion was made and seconded to accept the former Committee's Recommendation and charged the new Committee to investigate type of Package Pump that will be required.

Fire School

D. A. Bruce gave the report on the fire school and also gave a report on the Rebuilding the Chemical Complex. He still needs equipment for the Chemical Complex Project.

Hurricane Conference

Dick Nugent announced that a hurricane conference will be held June 14, 1989, at 1:00 PM at the Texas Air National Guard. He also discussed a drill scheduled on hurricane policy on June 22, 1989 10:00 AM - 3:00 PM (critique).

Special Announcements:

President Judice announced the Bob Wood's retirement. Replacements of E. Leysath to the SNCA Board of Directors. D. A. Bruce to the Lamar Fire School Board of Directors replacing the retiring Bob Woods.

Ron Lamereaux discussed problems with high water that has been received in the area from recent rains. He encouraged everyone to review their hurricane plans.

Bridge City V.F.D. has 1969 Ford Pumper and 1969 International pumper for bids.

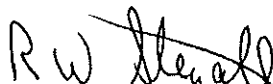

Recent emergencies were discussed.

The 482nd Meeting of the Sabine-Neches Chief Association
June 7, 1989

Attachments

NOTE: The 483rd Meeting of the Sabine-Neches Chiefs Association will be held on July 5, 1989, at Moncla's in Beaumont. The host organization will be Mobil Chemical.

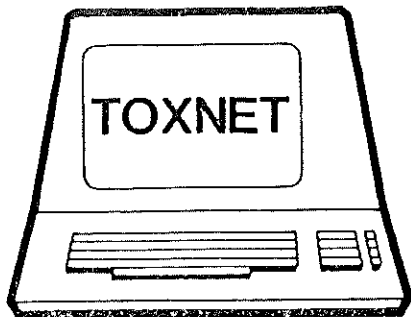

Committee Report - Fireboat

Immediate Action:

Cannabalize and itemize all equipment and parts removed at dock if possible; then tow out at fireground for storage. Parts and equipment to be removed and stored by Beaumont FD (Pending).

Long term solutions offered:

	Intial cost	Projected annual cost
1. New hull	40k to 80k	20k to 35k
2. Barge mount	20k to 40k	10k to 25k
3. Package pumps	0 to 10k	0 to 5k
4. National foam	0 to 4k	0 to 2k
5. New boat	175k to 250k	30k to 50k

TOXICOLOGY INFORMATION PROGRAM

Bethesda, Maryland 20894

TOXNET DEFINED

TOXNET is a computerized system of toxicologically oriented data banks operated by the National Library of Medicine in parallel with the Library's ELHILL system. This mini-computer based system includes a variety of modules used by the Library and its contractors to build and review records. For outside users, TOXNET offers a sophisticated search and retrieval package which permits efficient access to valuable data, drawn from numerous sources, on potentially toxic or otherwise hazardous chemicals.

TOXNET FILES

HSDB

Hazardous Substances Data Bank

A scientifically reviewed and edited data bank containing chemical and toxicological information strengthened with additional data related to environmental fate/exposure potential, emergency handling procedures, and regulatory requirements. Data are derived from a variety of books, monographs, and open scientific literature sources as well as other publications including government documents and special reports. All data statements in each HSDB record are referenced and peer reviewed. This file currently contains records for nearly 4200 chemical substances.

RTECS

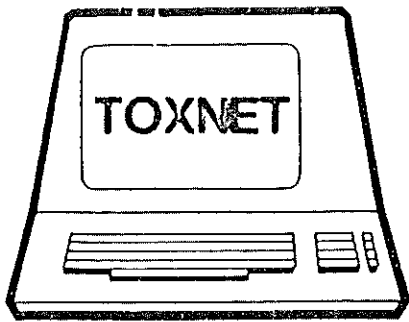

Registry of Toxic Effects of Chemical Substances

This file is produced and maintained by the National Institute for Occupational Safety and Health. It presents acute and chronic toxicity data including: skin and eye irritation, general toxicity, reproductive effects, carcinogenicity, and mutagenicity. RTECS also covers regulatory and test status. It contains records for approximately 91,000 chemical substances.

CCRIS

Chemical Carcinogenesis Research Information System

Sponsored by the National Cancer Institute, this file contains evaluated data and information, derived from both short and long-term bioassays, on 1200 chemical substances. Studies relate to carcinogens, mutagens, tumor promoters, co-carcinogens, metabolites and inhibitors of carcinogens, etc.

HSDB®

HAZARDOUS SUBSTANCES DATA BANK

FACT SHEET

NATIONAL LIBRARY OF MEDICINE
SPECIALIZED INFORMATION SERVICES
TOXICOLOGY INFORMATION PROGRAM

Bethesda, Maryland 20894

HSDB DEFINED

HSDB is a factual, non-bibliographic data bank focusing upon the toxicology of potentially hazardous chemicals. It is enhanced with data from such related areas as emergency handling procedures, environmental fate, human exposure, detection methods, and regulatory requirements. Data are derived from a core set of standard texts and monographs, government documents, technical reports and the primary journal literature. HSDB contains complete references for all data sources utilized. HSDB is fully peer reviewed by the Scientific Review Panel (SRP), a committee of experts drawn from the major subject disciplines within the data bank's scope. The file is being built, maintained, reviewed, and updated on the National Library of Medicine's (NLM) Toxicology Data Network (TOXNET). HSDB is organized by chemical record, with nearly 4200 chemical substance records contained in the file.

HSDB FILE STRUCTURE

HSDB contains approximately 150 data fields arranged in eleven broad subject categories, plus a category for administrative information. These categories are structured as follows:

0. Administrative Information
1. Substance Identification
2. Manufacturing/Use Information
3. Chemical and Physical Properties
4. Safety and Handling
5. Toxicity/Biomedical Effects
6. Pharmacology
7. Environmental Fate/Exposure Potential
8. Exposure Standards and Regulations
9. Monitoring and Analysis Methods

JUL 24 1989

The 483rd Meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice on July 5, 1989.

D. A. Bruce, from Mobil Chemical welcomed the group.

The invocation was given by Tommy May.

Self introductions were made.

The minutes from the 482nd were read and approved.

Committee Reports:

Audit Committee

Bill Roe still needs book to complete his audit.

Fire School

D. A. Bruce stated the present chemical complex was unsafe, and there are plans to construct a new complex. Expanded grating and 6" and 8" I-Beams are needed to help complete this project.

Dennis said that 347 people attended this post fire school.

Bill Roe made the motion to accept Mobil Chemical B.C.S. Plant for membership to the S.N.C.A. Motion was seconded by Mike Lovelady. All voted aye.

Hurricane Conference

Dick Nugent said the Hurricane Conference was a success. Dick spoke on the damage from Tropical Storm Allison in June. Damages from the storm were estimated to be around \$2,800,000.

Special Announcements:

Bill Olsen has replaced Francis Lyons at Chevron Chemical in Orange and will be the representative in the S.N.C.A.

The 483rd Meeting of the Sabine-Neches Chiefs Association
July 19, 1989

Weather Service dealing with hurricanes and flash floods. The videos are "Hurricane Preparedness" and "Awesome Power". You can call 722-8822 for use of these videos.

Grady Baldwin talked about OSHA compliances. Grady talked about a recent inspection at the DuPont Orange Plant. The OSHA compliance officer performed a medical department inspection. The medical exposure risk was checked very carefully, this included body fluid exposures, protection from contaminated needles, covers for scalpels, etc. Grady said the inspection was very thorough in this area. Grady stated that man lift devices were checked very close also.

Recent emergencies were discussed.

Program:

Mike Lovelady introduced Sheriff Carl Griffith, who talked about his campaign on drugs in Jefferson County.

The meeting was adjourned at 12:00 Noon.

MAILING ADDRESS:

TEXACO CHEMICAL COMPANY
c/o Robert W. Stegall
P. O. Box 968
Port Arthur, TX 77641

The 484th meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM on Wednesday, August 9, 1989.

The invocation was given by Curtis Holden.

John Judice welcomed the group for Bill Munson of Olin Chemical Company.

The minutes from the 483rd were read and approved.

President Judice stated that there was an outstanding bill from Head and Guild that needed to be paid. No action was made at this time.

Self-introductions were made.

Committee Reports:

Fire Boat

Erskine Leysath reported that there have been three meetings and estimates have been made on the fire pumps. The committee will have a report within the next two months. There is a possibility that some of the old equipment from the fire boats could be sold.

Fire Training Ground

Lester Hall requested that the diesel that was bought for the fire boat be used in the tractor motors at the fire training ground. Motion was made and seconded. Motion carried.

Audit Committee

Mike Bradish of Southern Union Gas reported for Bill Roe that the audit of the SNCA funds has been completed and that everything was in order. There was one thing that had been noticed, the bank was holding tax out of our account and the treasurer has been ask to check into this and fill out the necessary paperwork to correct this.

RECEIVED
BIM

AUG 22 1989

Special Announcements:

Lou Withrow from the area's National Weather Service office is moving to Austin. Lou discussed briefly the details of hurricane Chantel. Lou reminded us that we were extremely lucky that the storm increased its forward speed and the strongest winds were in the northeast side of the storm.

Pete Shelton announced that there were 2,265 students at the Texas A&M Municipal Fire School this year.

A Rail Transportation Seminar is currently being held at the Fire Training Ground and will be completed Friday.

There were 1,600 students who attended the Texas Industrial Fire School this year. One of instructors who was well known to the SNCA, Lanny Hatton of Dupont, Victoria, passed away during the Fire Training School.

Recent Emergencies

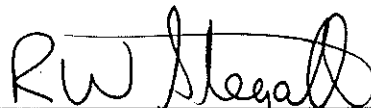

Chevron thanked all those who responded to their tank fire.

Lumberton expressed thanks to those who responded to assist them in a recent fire that they had.

Program:

Mike Lovelady introduced Mike White of Industrial Fire World, who presented a program on NFPA 1500 and Industrial Fire Brigades. He also showed a film concerning bunker equipment. The discussion of the Industrial Fire Brigade staffing, training and equipping was very informative.

The meeting was adjourned at 12:00 Noon.

The 485th meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM on Wednesday, September 6, 1989.

The invocation was given by Tommy May.

Ray Chesson welcomed the group on behalf of the Hampshire Volunteer Fire Department. He expressed his support for the association and offered to assist the association in any way that the Hampshire Volunteer Fire Department could.

The minutes from the 484th were read and approved.

Self-introductions were made.

Committee Reports:

Organization Chart

President John Judice announced that the new organization charts were ready. They can be picked up at the end of the meeting.

Fire Boat

Ed Harris gave an update on the equipment that was available from the retired fire boat. Once approval from the board is received, the committee will move forward with the three pump skids.

Fire Training Ground

Dennis Bruce announced that the pilings for the foundation for the industrial complex have been installed. He expressed his thanks for those who have contributed equipment for this project and asked them to be patient as the equipment will be picked up as soon as possible.

Special Announcements:

Ed Harris gave a report from the Industrial Fire Board. There are new laws in the State of Texas governing industrial ambulance operations. The law became effective September 1, 1989, and gave the State Fire Marshall's Association authority over certifying ambulances.

Honorary memberships to the Sabine-Neches Chiefs Association were presented to recent retirees. John Parsons, Howard Bourque, Bob Wood, Brad McAlpine and George Duplant were presented with honorary membership to the Sabine-Neches Chiefs Association and our best wishes for a long and happy retirement were extended.

D. A. Bruce reported that the OSHA Voluntary Protection Participants Association seminar will be held at the John Gray Institute on October 12, 1989. The cost is \$50.00. Mr. McMillen, the acting assistant Secretary of Labor for OSHA will be the guest speaker. Anyone interested in joining the OSHA Star Program or gaining more information should attend this meeting.

East Texas Fire School will be held September 16, 1989, at the Beaumont Fire Training Field.

A question and discussion session was held on private ambulance service membership in the Sabine-Neches Chiefs Association.

American Society of Safety Engineers will start their fall meetings on September 12, 1989.

Bosses night banquet will be held December 1, 1989, at the Brad Club.

Recent Emergencies

Recent emergencies were discussed.

Program:

Mike Lovelady introduced Bob Dickerson, Regional Coordinator, for 911. Mr. Dickerson presented a program on the status and the intent of the new emergency 911 telephone system for the region.

The meeting was adjourned at 12:00 Noon.

VICE PRESIDENT

Edward Harris, Jr.

SECRETARY TREASURER

Robert W. Stegall

MAILING ADDRESS:

TEXACO CHEMICAL COMPANY
c/o Robert W. Stegall
P. O. Box 968
Port Arthur, TX 77641

The 486th meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM on Wednesday, October 4, 1989.

The invocation was given by Father Don Golasinsky.

Chief Barbay welcomed the group on behalf of the Port Arthur Fire Department. He gave a history of the Port Arthur Fire Department's involvement with the SNCA.

The minutes from the 484th were read and approved. Corrections were made to show that "Bosses Night" will be December 11 instead of December 1 and shown in the minutes.

Self-introductions were made.

President Judice had a bill for \$91.45 for a SNCA Board meeting held on Thursday, September 28 at the Schooner Restaurant in Nederland. A motion was made and approved to pay the bill.

Program:

Because of time constraints, Program Chairman Mike Lovelady asked that the program be given early to allow Coast Guard personnel to return and assist with the emergency in Sabine Lake. Lt. Murphy of the Coast Guard was introduced and he presented a program on the "Alaskan Oil Spill".

Committee Reports:

Fire Boat

Ed Harris gave a report on the progress of the committee. The committee proposed that:

- (1) The fire boat will not be replaced. Instead equipment from the fire boat will be used to build three skid-mounted fire pumps (2 - 3,000 gpm pumps and 1 - 2,500 gpm pump)
- (2) The pumps will be assembled, stored, maintained and transported to an emergency by member companies.
- (3) Unused equipment from the fire boat will be sold to help pay some of the cost for having the pumps built.
- (4) A standard design drawing will be issued to each company to standardize all pumps.
- (5) For shipboard fires, the pumps will be transported to the scene by tug-boats that have agreed to handle this task for the SNCA.

President Judice asked for a motion to accept the committee's proposals and to allow the committee to complete it's assigned task as it sees fit. The motion was made and approved.

SNCA Board Meeting

President Judice reviewed items for the most recent SNCA Board Meeting held on September 28. The first reading of Merichem's letter for request for membership was read. Explanation was given that Merichem Co. is in Jefferson County.

Organization Charts

President Judice reminded everyone that the new organization charts are completed and he had some available to be picked up.

Nominating Committee

President Judice has appointed a Nominating Committee. The Chairman is G. G. Baldwin. President Judice identified the vacancies that will need to be filled. The Committee will have names of candidates for the next SNCA meeting in November.

Special Announcements:

Fire Prevention Week - Steven Curran of the Port Arthur Fire Department reported that a display will be constructed at Central Mall during the Week of October 8-14 to recognize National Fire Prevention Week. All organizations were asked to support this activity. The topic for this year is "Big Fires Start Small".

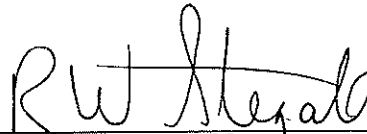

Beaumont Fire Department will also have a special presentation at the Fire Museum on Monday, October 9.

The 486th Meeting of the Sabine-Neches Chiefs Association
October 19, 1989
Page 3

Chevron Pump - Melvin Smith discussed the new 2,000 gpm pump that was displayed outside. This pump will be made available to all SNCA members upon request.

Councilman Pat Rachal of Port Arthur was recognized. He discussed his long-term relationship and support of the SNCA and his attempts to resolve the

The 487th meeting of the Sabine-Neches Chiefs Association was called to order by President John Judice at 10:00 AM on Wednesday, November 1, 1989.

The invocation was given by Curtis Holden.

Plant Manager John Foster welcomed the group on behalf of P-D Glycol. Mr. Foster discussed changes at their facility and their support for the SNCA.

The minutes from the 486th were read and approved. Changes were made to complete a statement made by Port Arthur City Councilman Pat Rachal.

Self-introductions were made.

Merichem's request for membership was read for the second time and discussed. A motion was made and approved to accept Merichem as a full member of the organization. President Judice will send a letter to Merichem to advise them that they have been accepted.

Honorary Membership - President Judice recognized W. R. Baer for his long time support of the organization.

Committee Reports:

Fire Boat

Ed Harris gave an update on the work to build three skid mounted units. Chevron has picked up one pump and motor. Texaco will also pick up their pump and motor. Chief Shelton asked that the equipment be moved as soon as possible to allow him more room in his vehicle maintenance building.

Ads for the surplus equipment have been placed in Beaumont, Port Arthur, and Houston newspapers. Richard Harley advised that other mutual aid organizations should be advised that the equipment is for sale.

Fire Training Grounds

Chief Mullins stated that dirt work for the new chemical complex is on-going. The contract was issued for concrete work. Iron work is on-going; need decking for grating. Also asked for suggestions to reduce smoke output.

D. A. Bruce discussed the board's intent to keep qualified instructor for the industrial school and the day schools. Chief Shelton discussed attempts to improve instructors for the conference section during the industrial school. Tommy Dearing will head the Conference Committee. Chief Shelton also gave a report from the Fire School Board meeting

Lamar University

Dr. Gary Ensign discussed activities at Lamar. A new instructor will be appointed for the Fire Technology Department. Dr. Ensign asked for help to improve the program. They need full-time instructors. He discussed the possibility of a loan program utilizing professionals from industry to help out on a part-time basis.

Lamar University will conduct its annual Trauma Conference March 9-10, 1990, for emergency medical personnel. Suggestion offered that the SNCA might help to co-sponsor this conference.

CMA and Lamar will co-sponsor a Chemtrec Conference in 1990 (dates to be announced).

Emergency Ambulances

Ed Harris reported that the proposed legislation to regulate industrial ambulance and vehicles is being contested. A meeting to resolve the issues will be held in Austin. An update will be given at a future meeting.

He also gave an update of the SFFMA Industrial Fire Training Board activities.

Everyone is asked to support Proposition No. 17 at the November election.

Butch Landry asked for a show of hands of all facilities that had active seat belt programs.

Recent emergencies were discussed.

Program

Mike Lovelady introduced Reidar Hansen from the Regional Employee Assistance Program who presented a program on "Handling Stress and Emergency Incident Trauma".

The meeting was adjourned at 12 Noon

The 488th meeting of the Sabine Neches Chiefs Association was called to order by President, John Judice at 10:00 a.m. on Wednesday, December 6, 1989.

The invocation was given by Curtis Holden.

Glenn LeLeaux welcomed the group on behalf of Sun Marine Terminal. The minutes were read and approved. Bills for newspaper ads and "Bosses Night" were discussed. A motion was made and approved to pay the outstanding bills.

Self introductions were given.

President Judice reported that Erskine Leysath had back surgery recently and was recovering.

President Judice presented an honorary membership to Frank Davidson for his outstanding service to the organization.

NOMINATING COMMITTEE

G. G. Baldwin presented the slate of officers for 1990-91 as suggested by the Nominating Committee (see attached). The names and offices were read for a second time. A motion was made to accept the nominations by acclamation. The membership voted and the nominations were approved.

FIRE BOAT

Ed Harris stated that the three pumps and motors have been picked up and will be assembled. The remaining equipment has been sold. A check for \$3500.00 was deposited to the SNCA General Fund for the surplus equipment. The committee will meet later to finalize other matters concerning the skid mounted units.

BOSSES NIGHT

President Judice stated that all committees reported they were all ready for the December 11th affair. Bill Roe requested a head count from those companies that had not sent in their guest lists.

FIRE TRAINING FIELD

D. A. Bruce reported that the slab for the chemical complex has been poured. They have hired a contractor to do the welding on the project. The old structure will be torn down. D. A. stated that he still needs grating to complete the project.

INDUSTRIAL AMBULANCE

Ed Harris gave an update of the ambulance issue concerning operating industrial ambulances. More information will be given at future meetings.

RECENT EMERGENCIES

Recent emergencies were discussed.

PROGRAM

Program Chairman Mike Lovelady introduced Melvin Schmidt who showed a video of the 1988 Chevron incident.

The meeting was adjourned at 12:00 noon.

The 489th meeting of the SNCA will be held at Ramada Inn, Hwy. 73, Port Arthur, on January 3, 1990, at 10:00 a.m. Quantum Chemical Co. will be the host.
